LAHORE, 26 January, 1908. Chamberlain Medicine Co., Des Moines, Iowa, U. S. A.

Gentlemen—I feel duty bound to inform you that I know Chamberlain's Colle, Cholera and Diarrhoea Remedy is really a panacea for the diseases you advertise it to cure. I have tried it many times among my children and servants for colle and diarrhoea and always found it effective. In one instance a servant had a severe attack of cholera and I was not informed of it until the eleventh hour, and when I found the poor fellow he seemed to be on the point of death. He could hardly swallow when I gave him a dose of Chamberlain's Colle, Cholera and Diarrhoea Remedy. I left instructions for this to be repeated, and I confess I was astonished to learn that the fellow recovered. Now I take pleasure in recommending Chamberlain's Colle, Cholera and Diarrhoea Remedy to all who suffer from colle, cholera, dysentery, diarrhoea or any bowel complaint.

Yours most truly, Gentlemen-I feel doty bound to inform you that I know Chamberlain's
